Ready to eat f. Infant. form.	<i>E.coli</i>		10 ⁴ 10	1		P	Retail			No	

* Foodstuffs produced and served in catering services are consumed at the place and thus the criteria do not represent the barrier of international trade

Footnotes:

1-please define clearly the type of the criterion: process or food safety criterion

2-please give the precise stage of application: processing /retail/trade /

3-please give correctly the legislative background.

4-please indicate whether there is a scientific evidence that justifies the existence of the national criteria
